

CHAMPIONSHIP WEEK

District championships are in the sights for the Bastrop football, Bastrop cross country and Elgin volleyball teams. There are two pivotal games at the end of the week which will more than likely determine the championship hopes of the Bastrop football and Elgin volleyball teams. Meanwhile, the Bastrop girls cross country team has their eyes set on a fourth straight district championship when they arrive at Zilker Park Friday for the District 25-5A Championships.

Here is a quick look at each of the three big events for Bastrop County varsity sports this week:

BASTROP FOOTBALL GAME DAY: 7 P.M., TODAY

The Bears take on the passing attack of Jacob Morgan and the Austin High Maroons today at House Park Stadium in Austin. It's not just any game for either team.

Championship scenarios:

Scenario 1: With a win over Austin High, Bastrop will move to within one game of clinching the District 25-5A Championship. The Bears could win it outright next week at home in front of 5,000 screaming fans against last-place Akins.

Scenario 2: If Austin High upsets the Bears, Bastrop will move into a tie with Westlake and Austin High. Those two teams play next week. If Westlake beats Austin High, Bastrop would need a win against Bowie and Akins to win the title outright. If Austin High beats Westlake, the Bears will need to win its last two games and hope Anderson beats Austin High on Nov. 6.
